Notes:
Data in Table 1 and Table 2 are on a Usual Resident basis from the 2006 Census
Population turnover is the percentage of people who changed their address during the reporting period.
Data in Table 3 on changes between 1996 and 2006 are based on Place of Enumeration data from the 1996 and 2006 Censuses
The ‘Total 1996’ and ‘Total 2006’ columns in Table 3 include Indigenous status not stated.
Cohort change in Figure 4 represents absolute growth or decline in specific age cohorts between 1996 and 2006
"#NUM!" indicates a divide by zero error (ie that one of the cells in the calculation is zero.)
